Innovative design and manufacturing, combined with a committed dedication and obligation to our customers, has led to our “best in class” reputation as Australia’s premier supplier of Aesthetic technology. Designed to fit into any clinic or salon looking to introduce advanced treatments with exceptional results.

somaderm™ II

SHR IPL SYSTEM

**"The latest technology in Hair Removal and Skin Rejuvenation."
Painless, permanent and powerful!"**

The SHR is an acronym for Super Hair Removal, it is new technology for permanent hair removal. It involves the gradual heating to the dermis to a target temperature that damages the hair follicles and prevents re-growth effectively.

A high repetitive rate of single pulses are delivered deep into the dermis achieving high average power and therapeutically effective heat build up without the risk of injury to surrounding tissue and no pain.

Your cute, can I keep you?
